G. O. P. BLAMED FOR HIGH SUGAR PRICE

Congress nan Kincheloe in Speech At Spottsville, Tells Why Sugar Soared To 30c.

Louisville, Ky., Oct. 21-In a speech today before a large crowd of Henderson county voters, Congressman David H. Kincheloe explained how the dilly-dailying of the republican congress was responsible for thirty cent sugar in diplomatic relations or an economic this country. Had the congress accepted President Wilson's recommendation promptly sugar would have sold as cheaply as it did a year before, and almost a billion dollars would have been quired." saved American purchasers. In part, Congressman Kincheloe ex-plained the situation as follows: plained the situation as follows:

"The Lever Food Control Act which was passed by a Democratic Congress during the war under which the sugar corporation operwhich the sugar corporation operated, contained a provision ending the existence of the corporation when the armistce was signed.

The Weak or the Strong One

If you see before you a strong and safe bridge leading to your goal, would you ignore it and choose some insecure and tottering structure?-

If you were offered sure aid in time of trouble would you hesitate to accept it? —

The answer is simple - you would choose what all evidence showed to be the safe way -and you would risk nothing in useless experiments.

Why then do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, when everybody knows that the most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. Here is more profit.

Reading, Pa.—"I had organic in-flammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vised me to take Lydia E. My friends say, 'My! but you look well—what do you do? Who is your doctor?' and there is only one answer, 'Lydia E. Pinkham's medicines.'' — Mrs. WM. STEIN, 560 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in myside. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go dressmaker and am now able to go about my work, and do my house-work besides. PASSES UP "CINCY"

There is no place like Madison county, nor physicians and surgeons like those of this county, in the estimation of Hugh Collyer Wagers, son of Ambrose Wagers, of Cincinnati, the Queen City, notwithstanding. Young Wagers came to Richmond some time ago to enter a hospital to be operated upon. The big city hospitals did not look good to him, and he decided that since he fought thruthe war, he would fight to get to his "old home," which he did, with the result that he came here and is awaitsuit that he came here and is awaiting his discharge in order to be regularly admitted to the institution. He will "fight it out on this line," he says, "if it takes all summer." He will wait in Richmond among friends, where he says he "feels at home," until his discharge arrives, when he will be admitted to the hospital.

GET THAT WOLF—TERSE ORDER AGAINST \$25,000 MARAUDER

"Get that wolf," is the sole orde: under which H. C. Williams, of Custer, one of the most experienced hunters in South Dakota, is working for the United States Department of Agriculture.

"That wolf" is a wicked veteran with the cunning of a criminal human and with an account of \$25,000 charged against him for cattle and sheep destroyed in the six or seven years of his depredations.

This big cattle thief has defied all efforts of hunters of that locality. SIDE WALKS COME IN ON NEXT ISSUE

Property Owners Will Be Prevailed Upon To Assist City In Some Instances

Now that the streets of the city are being put in shape for winter, it is expected attention will be given the sidewalks, to finish the job, and an ordinance compelling property owners in some instan-ces to make the improvement in front of their buildings will not be a surprise at the next meeting of the Richmond city council.

The condition of sidewalks, especially in same places along Main street, is "shown up," so to speak, since the new paving has been placed. The city will be under obligations, it is declared, to repair a certain portion of the sidewalk, changed by the paving, however, the intention of the ordinance is to insist upon the improvement of the entire width of the walk in some places. This, Councilmen believe, will place the thoroughfare for pedestrians in good as well as attractive condition. The privilege was granted teachers in schools in that neighborhood to attend and some of them took advantage of the opportunity and dismissed their students. The affair is said to be of unusual interest and is very instructive. It is probable there will be some pointers gained at the exhibition which will add to the importance of the school carnival to be held in Richmond later on It is probable there will be additional fairs of this character held in the schools of the county and a comparison of the work of the students

There have been samples of work by Madison county students, since the introduction of manual training ac' domestic science that have attracted the attention of many, some of therr critics, who have advocated future exhibitions in order to maintain the highest standard of work through the interest gained by comparing the result of work. The members of the county board have been advocating this method, and it is probable there will be more fairs held during which one day will be devoted to the showing of the work of the students. This brings about, it is said, many of the instructors, as well as the parents of scholar and the general reult is that there is a keener competiton upon the part of the teachers to have their students do well, as well as the students themselves, thus adding to the importance of the new phases of teaching in the schools of the county, for which the state is becoming
